“The Reality Behind Creation”

Dr. M.W. Lewis

In St. John, the 1st Chapter, a few verses, and the 16th Chapter of 1st Timothy, the 6th Chapter of 1st Timothy, 16th Verse.

In this Bible reference, we can realize if we look beneath the words the underlying reality behind creation – Eternal Light, the Flame of God. God is Consciousness. But the Power of that Consciousness, the Cosmic Energy manifesting as Light, and from that Light, all things have come. And so, as we read, let us keep that in mind that God is the Sole Doer of all things. God alone, Eternal Cosmic Consciousness, Cosmic Power.

In the 6th, the words we read as follows: "There was a man sent from God whose name was John." Now this does not refer to a human being as John, in the Bible, or any other Johns. It refers to the Spiritual Body. Our Spiritual Body of Light called in the Hindu philosophy, "Radha." And "John" refers to that same Spiritual Body, because it says in the next verse, "The same came for a witness, to bear witness of the light" – Eternal Flame of God, the Great Cosmic Light, "where all men through Him, might believe."

Now, if you meditate and do away with outward consciousness, duality of consciousness, you will see "John," the Light of the Spiritual Body, "Radha," and that is the witness that's beyond that, and is the One Eternal Flame of God, the Great Cosmic Light. And so, when you see many manifestations of the Spiritual Body within, do not think how little you are getting, but realize just beyond is the One Cosmic Plane, and "John" of the Spiritual Body is the witness of that Cosmic Plane.

Now going on; "He was not that light, but was sent to bear witness..." of that one Eternal Flame of God, "that was the true light, which lighteth every man that cometh into the world." As I have said, in us is God Consciousness, and the power of that consciousness is His Light. And that power is in us. And that Light is in us. And that's the true light. That's the Reality behind all duality.

Now going on to the 10th Verse; the true light in us is the Holy Ghost, the Single Eye of God. God is the Sole Doer. But He makes us think that we are doing things; we are seeing things. It is His Single Eye that sees through our eyes. God is the Sole Doer. And so in the 10th Verse we read: "He was in the world and the world was made by Him, and the world knew Him not." All matter comes from the One Light of God, as I shall try to point out this morning. But we do not recognize that. Why, because we are one with the duality, the light and shadow of the One Light of God.

Now going on to the 12th Verse, "But as many as received Him..." as many, as made the effort to rise above duality of consciousness and perceive "John" within the Spiritual Body, "to them He gave the power to become the Son's of God," through rays of God's Great Light. That is you realize and recognize your oneness with God. But first you say, "Thou and I, never apart" – see the Light of the Infinite. "Thou and I, never apart," that becomes established. No one can take that away. But if you persevere, then you become one with the Light. Then you can say with the great Masters, "I am He, I am He, blessed Spirit I am He."

Now going on to the 14th Verse; now remember, from God's Light – as has been shown by science and the great yogis, have attested to it ages ago – from that One Light, all things have come. The Word, the Holy Vibration, vibrating with God's Intelligence, has produced all things. And so, in the 14th Verse we read, "And the Word was made flesh." The Word is the Holy Vibration; the vibrating Light of the Infinite. "And the Word was made flesh and dwelt among us, and we beheld His glory and the glory of the only begotten of the Father." One Eternal Spirit – from that, from that vibration, the Power of that Spirit, the Power of Cosmic Consciousness, has come all things.

And finally, 1st Timothy, 6th Chapter, 16th Verse, the King of kings, the Lord of lords, the Great Eternal Flame spoken of many times as the Eternal Light. King of kings, Lord of lords, because all things have come from that. He is in all things. The light and shadow is the light and shadow of His Light. "The King of kings... who only hath immortality." Eternal Consciousness is in the Light as the Holy Vibration. "Who only hath immortality dwelling in the light which no man can approach unto; whom no man hath seen nor can see; to whom be honor and power everlasting. Amen."

From that One Light all things have come. Eternal Consciousness is there. It cannot be perceived by worldly consciousness. You cannot approach it, because it is not duality. It is the Unity of God's Presence.
